

34th International Symposium
on Automation and Robotics
in Construction

ISARC 2017

June 28 – July 1
TAIPEI, TAIWAN

CALL FOR PAPERS

- This year, there will be a special Industrial Session of BIM included in the ISARC 2017. We sincerely invite you to present an achievement of the BIM in Industrial Session. (PPT only, no paper required)
- Special Issue: Best and selected papers with extended versions will be published in Automation in Construction (5-Year Impact Factor: 2.827).

Topics applied to the Construction Industry

- BIM
- GIS
- Visualization
- Virtual Reality/Augmented Reality
- Computer Vision
- Laser Scanning
- Automation & Control
- Robotics
- Human-Machine Interfaces
- Powered Exoskeleton
- 3D Printing
- Unmanned Vehicle
- Sensing & Monitoring
- Networking & Communication
- Web-based Systems
- Cloud Computing
- Big Data
- Machine Learning
- Data Mining
- Computational Intelligence
- Collaborative Design & Construction
- Facility Maintenance & Management
- Simulation
- Energy & Sustainability
- Interoperability
- Project Management

Important Dates

Academic Paper Dates

- ◆ Abstract Submission Deadline: December 15, 2016
- ◆ Notification of Papers Acceptance: January 25, 2017
- ◆ Final Paper Submission Deadline: March 30, 2017
- ◆ Camera Ready Paper Submission Deadline: April 30, 2017

BIM for Industry Extended Abstract Dates

- ◆ Abstract Submission Deadline: March 30, 2017
- ◆ Notification of Acceptance: April 30, 2017

Poster Submission Dates

- ◆ Poster Abstract Submission Deadline: March 30, 2017
- ◆ Notification of Poster Acceptance: April 30, 2017
- ◆ Final Poster Submission: Hand Carry to the Meeting Site

Registration Dates

- ◆ Presenter's Registration Deadline: April 15, 2017
- ◆ Early Bird Registration Deadline: April 15, 2017
