ISARC 2027

ODENSE // DENMARK
28 June - 1 July 2027

CALL FOR PAPERS

44th International Symposium
on Automation and Robotics in Construction

From research lab to construction site – bridging the gap between academia and industry

We invite you to participate in the 44th International Symposium on Automation and Robotics in Construction (ISARC2027), which will take place between 28 June and 1 July 2027, in Odense, Denmark. ISARC2027 is a premier global forum for advancing automation and robotics in the construction industry, showcasing top-quality research from academics and practitioners. For detailed information on the conference and submission guidelines, please visit our website.

TECHNICAL AREAS

Papers in the following areas are welcome:

- Construction automation technologies & methods
- Sensing, perception & data infrastructures
- Digital construction information, AI & digital twins
- Human-machine interaction & extended reality
- Construction robotics & robotic fabrication
- Automation-enabled management & production control
- From site to lab: validation & deployment

SIMPLIFIED REVIEW FOR INDUSTRY PAPERS

IMPORTANT DATES

- **Full Paper Submission Deadline:** December 10, 2026
- **Reviews Completed:** February 1, 2027
- **Notification of Acceptance:** March 14, 2027
- **Early Bird Registration Deadline:** May 2026
